		NON-CUMULATIVE[3]

[3]*These statistics are non-cumulative. Cases may involve multiple victims and include female, male, transgender and gender non-conforming individuals, foreign nationals and U.S. citizens, adults and minors. In some cases, demographic information is not reported. This table shows the number of cases referencing each demographic and not the number of individual victims.*
[4]*To protect the identity of the people we serve, the National Human Trafficking Hotline does not disclose exact statistics related to venues, industries, victim information or caller information referenced fewer than three times.*
[5]*A Foreign National in this data set is defined as any individual who is not currently a US Citizen or Legal Permanent Resident.*

LOCATION OF POTENTIAL TRAFFICKING CASES (WHERE KNOWN)[6]

[6]*The image above is a heat map which reflects the cases reported to the National Human Trafficking Hotline. Areas in which greater numbers of cases were reported contain more red shading. This map only reflects cases in which the location of the potential trafficking was known. Some cases may involve more than one location.*

*****

Important Note: The data displayed in this report was generated based on information communicated to the National Human Trafficking Hotline via phone, email, and online tip report. The National Human Trafficking Hotline cannot verify the accuracy of the information reported. This is not a comprehensive report on the scale or scope of human trafficking within the state. These statistics are accurate as of June 1, 2017. They may be subject to change as new information emerges.
